Subject: Instruction Manual/Complacence Statement for KPU41704, Remote Keyless Entry System

Dear Sirs

Our products KPU41704 are transmitters for a radio keyless entry system for cars. They will be already installed in cars (as original equipment) when placed into the US market. We, Naldec, do not issue any users manual for this product.

Compliance Statement (FCC rules 15.19(a)): Because our transmitters are too small to place the compliance statement on them and because we do not issue any users manual for our transmitter, we hereby confirm that we will inform the car manufacturer that the compliance statement must be included in the users manual of the car.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Kazutomo Sasaki".
