Re: User Manual for 41833
FCC ID: KPU41833

We, Visteon Japan, Ltd., hereby confirm that we do not issue an instruction manual for our product 41833. This product is a keyless entry system transmitter for vehicles, and one of the automobile parts installed in vehicles as original equipment.

Compliance Statement (RSS210, 5.11 respectively FCC rules 15.19(a)):

"This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) This device may not cause harmful interference, and, 2) This device must accept any interference received including interference that may cause undesired operation."

"CAUTION TO USER: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment."

Because our 41833 is too small to place above compliance statement on it and because we do not issue any users manual for our 41833, we hereby confirm that we will inform the car manufacturer that the compliance statement must be included in the user's manual of the car.

Yours Sincerely

Dear Sirs

Our product 41833 (FCC ID: KPU41833) is a keyless entry system transmitter for vehicle usage. Since this product will be already installed in cars (as original equipment) when placed into the U.S. market, we must hereby request that the following caution statement per CFR 47, Part 15, Paragraph 15.21 will be added to the car manual.

The title "CAUTION TO USER" or "FCC WARNING:" "NOTE:" or relevant title and "Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment."

Per RSS210, Paragraph 5.11 and CFR 46, Part 15, Paragraph 15.19(a)(3) the following statement must be added to the car manual:

"This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) This device may not cause harmful interference, and, 2) This device must accept any interference received including interference that may cause undesired operation."

Yours Sincerely
