To Whom It May Concern:

This purpose of this letter is to inform the Commission that Rohde & Schwarz is aware that the schematic exhibit for FCC ID: KVV61020307 has been publicly available since June 9, 2003. The schematics are incorrectly labeled as "internal photos". This letter is being submitted in support of updating the exhibit to Confidential status.

In addition we regret that the incorrect User Manual was supplied at the time of submission. The version certified was the XT4410A but the manual supplied was the XT4410L. Accordingly we submit the XT4410A manual to replace the incorrect one originally submitted.

Sincerely,

Peter H. Foulger
