NAVISTAR P/N 3544938c2

Because the device is too small to accommodate a label with the Compliance Statement, the following statement will be contained in the (car) Owner's Manual (Exhibit J):

This device complies with Part 15 of the FCC Rules and with RSS-210 of Industry Canada.
Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that
That may cause undesired operation.

Changes or modifications not expressively approved by the party responsible for compliance could
Void the user's authority to operated the equipment.

NOTE: A letter authorizing use of a modified compliance statement is contained in this exhibit.
