Solid Year Co.,Ltd.

Date: June 27, 2003

Mr. GRETCHEN TORRES,

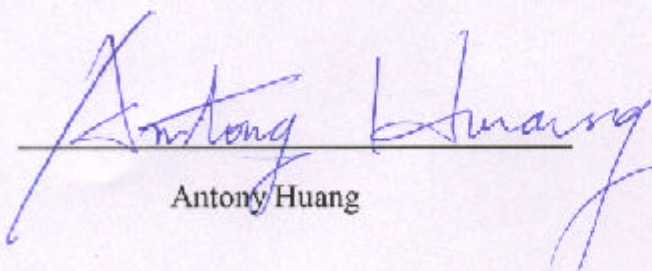

We hereby declare that both of the major electrical design and construction of this requested sample is identical to the original EUT, FCC ID: L2BACEKEY82K, listed in PEP Report No. E 910717 except that the followings are different attached from original sample.

(A) Add RESET IC at U3 of EUT PCB for the purpose of improving startup stability.

(B) Add 20PF capacitor at C27 of EUT PCB for the purpose of diminishing harmonic generated.

From technical point of view, additional test required was carried out on the modified sample and the test result was attached in this submitted report.

Regards,

Antony Huang
