Re: 911 Calls

Please accept this letter as confirmation that.

"The Nokia MetroSite EDGE base transceiver Station will not bar any 911 calls which are being initiated, or are ongoing, through this element of the radiocommunications network"

This condition of operation will be applied if the transceiver unit being used is communicating in the GSM 1900 or the GSM 800 band.

Sincerely,

ANDREW PARRY

Senior Design Engineer
