To Whom It May Concern:

PURPOSE OF CHANGE LETTER
For Model HUM1200(XXXXXX)/ HUM1250(XXXXXX)/
HUM1260(XXXXXX)

This letter is to provide information regarding the Application of Permissive Change for our model HUM1200(XXXXXX)/ HUM1250(XXXXXX)/ HUM1260(XXXXXX) with 4 layer PCB based on the previously certified model HUM1200(XXXXXX)/ HUM1250(XXXXXX)/HUM1260(XXXXXX) with 2 layer PCB.

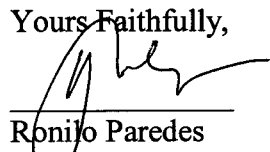

The above-mentioned models are identical in, construction, dimension, and electrical circuits.

The main modification is the changing of PCB from 2 layer to 4 layer. By resorting to 4 layer PCB, the sound quality is improved. In addition, the 4 layer PCB is also supportive to package and dice IC whereas the 2 layer PCB only support package type.

All design like electronic, electrical, mechanical and cosmetic designs remain the same except the layout.

The above-mentioned change is not intended for maximum power and change on field strength ratings.

Yours Faithfully,

Ronilo Paredes
Senior Approval Engineer
