Subject: Request for Grantee Code change

To Who It May Concern,

Cisco Systems (FRN: 0004968939, Grantee Code: LDK ) requests a Grantee Code change for NVIDIA radio modules : (FRN: 0016914889, FCC ID: VOB-P3310 ).

Cisco will be integrating these radios into products and marketing the finished products as Cisco products under the Cisco FCC ID LDKNVTX21737. Cisco does not plan on any technical changes to the module itself though in the future may add more antennas for use with the module.

The module will also will continue to be sold under the original manufacturers name and FCC ID as well.

Please feel free to contact us if further questions arise.

Sincerely,
