

## Wireless Camera Specification:

Weather-proof camera:

|                   |                               |
|-------------------|-------------------------------|
| Image sensor      | 1/3" Color CMOS IMAGE SENSOR  |
| Resolution        | 330 Horizontal TV Lines       |
| Lens              | 6mm                           |
| Illumination      | 0.2 Lux                       |
| Power Consumption | 12V DC, 300mA<br>1.3 Watts    |
| Operating TEMP.   | 32° F - 122°F<br>0°C - 50°C   |
| Dimentions        | 100x95x40mm (approx)          |
| Channel Frequency | Either 2412 or/ 2442 or/ 2472 |
