

1. External Photograph of EUT

Brand Name: Continental / Model Name: FE5NA0010, FE5NA0011

External Antenna (Model: 42808215)

External Antenna (Model: 42808227)

Remark:

1. The difference in the external antennas added to the device for this permissive change application is that external antenna models 42808214 and 42808215 support GPS operations in L1 and L5 bands, and external antenna model 42808227 only supports GPS operations in L1 band.
2. Since on the external antenna for models 42808214 and 42808215 different in enclosure color only, the external photograph only include external antenna model 42808215 as a representative.
