Subject: **FCC Class II Permission Change Request for FCC ID: LHJ-FE5RW0D31**

Dear Sir/Madam,

This is to request a Class II Permission Change Request for FCC ID: LHJ-FE5RW0D31, originally granted on 06/09/2022.

The Major change filed under this application is:

1. Enable SA capability for 5G-NR n77(3700-3980MHz), bands n77(3700-3980MHz) become SA+NSA dual-mode.
2. Revise the antenna gain value in the report: replace the previously-used maximum gain derived from MPE calculation with the actual antenna gain. The antenna itself remains unchanged.

Considering the differences, all related items were retested, other test data please refer to original report.

The test strategy is as follows:

Standard	Test Plan
Part 27	New full testing for n77(3700-3980MHz)

If you have any questions regarding this application, please free to contact me.

Yours Sincerely,

Signature:

Contact name: Tommy Long

Company Name: AUMOVIO Systems, Inc.
