Attention: Equipment Authorization Branch
Subject: Certification for FCC ID: LJPNSB-7

Gentlemen,

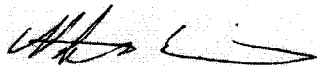

Nokia Mobile Phones requests a Class II Permissive Change to the grant for the FCC ID: LJPNSB-7.

Presently one belt clip and two carrying cases were measured for RF exposure compliance. We would like to introduce a new carrying case and a modification to another one of the existing carrying cases as new body-worn accessories.

FCC ID: LJPNSB-7 complies with ANSI/IEEE C95.1-1992 Standard for Safety Levels with Respect to Human Exposure to Radio Frequency Electromagnetic Fields, 3 kHz to 300 GHz, when used with these body-worn accessories. Compliance was determined by testing appropriate parameters according to standard.

Sincerely,

NOKIA MOBILE PHONES

Niko Mikkola
Program Manager, PCC Oulu
