COMPLIANCE STATEMENT OF NOKIA 7160, FCC ID: LJPNSW-5NX

The compliance statement can be seen in User Guide of NOKIA 7160 because the size of the handportable NOKIA 7160 and its identification label are so small that the compliance statement can't be printed visible enough.

NOKIA MOBILE PHONES

A handwritten signature in black ink, appearing to read 'Tommi Uhari'.

Tommi Uhari

Project Manager, Product Development, Oulu

Connecting To Other Devices

When connecting to any other device, read its user's guide for detailed safety instructions. Do not connect incompatible products.

Remember to make backup copies of all important data.

Making Calls

Ensure the phone is switched on and in service. Enter the phone number, including the area code, then press TALK. To end a call press END. To answer a call press TALK.

Emergency Calls

Ensure the phone is switched on and in service. If the word "Clear" appears on the display above the <right selection> key, press and hold Clear to clear the display. Enter the emergency number, then press TALK. Give your location. Do not end the call until told to do so.

Infrared Precautions

Do not point the IR beam at anyone's eyes or allow it to interfere with other IR devices.

About the labels on your phone

Your phone has labels on it. These are important for service and related purposes, so be careful not to lose the label or the information it contains.

FCC/Industry Canada Notice

Your phone may cause TV or radio interference (for example, when using a telephone in close proximity to receiving equipment). The FCC or Industry Canada can require you to stop using your telephone if such interference cannot be eliminated. If you require assistance, contact your local service facility.

For Your Safety

This device complies with part 15 of the FCC rules. Operation is subject to the condition that this device does not cause harmful interference.

Using this Guide

The wireless phone described in this guide is approved for use in TDMA and AMPS networks.

A number of features included in this guide are called Network Services. They are special services provided by wireless service providers. Before you can take advantage of any of these Network Services, you must subscribe to these service(s) from your home service provider and obtain instructions for their use.

Note: Some networks may not support all language-dependent characters.
