

Table 2

Interface Cables Used

None used - (No interface ports on EUT)

Antenna Requirement:

Section 15.203 "Antenna requirement" does not apply to this submission as provided in 15.203. The aforementioned Waiver of Section 15.249 restricts the marketing of this device to state and local law enforcement agencies. This type of usage requires separation of antenna from transmitter housing for concealment reasons. The sole installers of this equipment will be professional law enforcement personnel, and will insure that only the provided 3 inch antenna is used for operation.
