HUNTER
Engineering Company

TEL (314) 731-3020 FAX (314) 731-9932

11250 Hunter Drive
Bridgeton, Missouri 63044-2391 U.S.A.

Subject: Addendum to FCC Request for Modular Approval of Hunter Radio 45-1125.

In addition to the initial request for modular approval the following information applies:

The Hunter Radio 45-1125 will be used only in Hunter Engineering Company products (The Grantee).

When the radio is mounted inside a product enclosure the enclosure will contain an external label stating the following: “This product contains transmitter module FCC ID LS3-45-1125”. In accordance with public notice DA00-1407 item 6. This is in addition to any other required FCC labeling.
