

TROUBLE SHOOTING

IF THERE IS NO FUNCTION BETWEEN THE REMOTE CONTROL HANDSET AND THE VEHICLE:

- ✦ Make sure you have turned the Remote Control ON.
- ✦ Make sure you have turned the Vehicle ON.
- ✦ Check that the batteries are inserted properly.
- ✦ Replace the old batteries with new alkaline batteries.
- ✦ Move the remote control handset closer to your R/C Racer to determine the best communication between the Remote Handset and

HELPFUL HINTS

- ✦ Do not operate during thunderstorms.
- ✦ Avoid water when racing your R/C Racer. In addition, do not submerge your R/C Racer, or Handset in water.
- ✦ When your vehicle starts to lose power, it may experience loss of performance ability. If this happens, replace the old batteries with new alkaline batteries in your R/C Racer.
- ✦ Your R/C Racer is operated by radio waves. It is possible the unit may not perform properly due to interference from nearby devices such as a cordless phone, hair dryer, radio, walkie-talkie or other radio-controlled toys.
- ✦ Avoid sand and snow when operating your vehicle.
- ✦ Always select a safe place to play. Never drive your vehicle on populated streets.
- ✦ Keep fingers, hair and loose clothing away from the tires, wheel hubs and motors while the vehicle is switched on.

SAFE BATTERY PRECAUTIONS

- ✦ Do not dispose of the batteries if fire, batteries may leak or explode.
- ✦ Different types of batteries or new and used batteries are not to be mixed.
- ✦ Only batteries of the same or equivalent type as recommended are to be used.
- ✦ The supply terminals are not to be short-circuited.
- ✦ Non-rechargeable batteries are not to be recharged.
- ✦ Rechargeable batteries are to be removed from the toy before being charged.
- ✦ Rechargeable batteries are only to be charged under adult supervision.
- ✦ When not in use for an extended time, remove batteries to prevent possible leakage.
- ✦ Batteries are to be inserted with the correct polarity.
- ✦ Exhausted batteries are to be removed from the toy.
- ✦ Batteries should be replaced by an adult.
- ✦ Use alkaline batteries for better performance.

IMPORTANT:

- ✦ MODIFICATIONS NOT AUTHORIZED BY THE MANUFACTURER MAY VOID USER'S AUTHORITY TO OPERATE THIS DEVICE.
- ✦ EMISSIONS OR INTERFERENCE OF SURROUNDING ELECTRONIC EQUIPMENT MAY AFFECT OPERATING PERFORMANCE.
- ✦ Reorient or relocate the receiving antenna.
- ✦ Increase the separation between the equipment and receiver.
- ✦ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ✦ Consult the dealer or an experienced radio/TV technician for help.
