Subject: HKSTC HM151023 report FCCID: LU9276234 MET:15673

Hi Alice,

I have some questions about this report:

1) Please verify the description.
2) Please verify the units for field strength measurements on page 10/20
3) Please verify calibration of asset EM194 biconilog antenna in appendix A

I look forward to your response.

Thank you for using MET Laboratories TCB services.

Best Regards,
