

Drawing of the identification label pursuant to 2.925(a)

Assessment statement for the above equipment.

This equipment has been tested in accordance with the requirements contained in the appropriate Federal Communication Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Federal Communication Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported, or marketed, as defined in the Federal Communication Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis. I further certify that the necessary measurements were made by DB Elettronica SPA - via Lisbona, 38 - Zona Industriale Sud - 35127 PADOVA, Italy.
