Dear Sir/Madam:

Enclosed please find an FCC ID: LW2-RM5801 certification application. This is an IEEE 802.15.4 type radio employing Wireless Hart Industrial Communication Technology seeking single limited modular approval per CFR 47 Part 15.247 and CFR47 Part 15.212.

The RM5800 is an industrial network communication module and only works on WirelessHART protocols and as such is part of an industrial process control system professionally installed and maintained. The device will not be tested as a standalone and will only be available for sale to use in Emerson products.

Further details and supporting documents are attached.

Should you have any questions, please feel free to contact the undersigned.

Sincerely,

A handwritten signature in blue ink that reads "Elizabeth Reiersen".
