

Poly Studio X & G Family

This document covers the following Poly Studio X & G models:

- Poly Studio X30 (models P018 & P018NR)
- Poly Studio X50 (models P017 & P017NR)
- Poly Studio X52 (models P033 & P033NR)
- Poly Studio X70 (models P026 & P026NR)
- Poly Studio G62 (models PBJ-STG-62R & PBJ-STG-62N)

Service Agreements

Contact your Poly Authorized Reseller for information about service agreements applicable to your product.

Safety, Compliance, and Disposal Information

- This equipment is intended for indoor use only.
- This equipment is not intended to be directly connected to outdoor cables.
- Always disconnect the system from power and telecommunications networks before cleaning or servicing.
- In order to remove all power from this unit, disconnect all power cables, including any USB or PoE cables.
- Do not spray liquids directly onto the system when cleaning. Always apply the liquid first to a static-free cloth.
- Do not immerse the system in any liquids or place any liquids on it.
- Do not disassemble this system. To maintain the warranty on the system, a qualified technician must perform service or repair work.
- There are no user serviceable parts inside this product.
- Users must not service any parts in compartments that require a tool to access.
- This equipment should be used only on even surfaces.
- This product is intended to be powered by an external (LPS) power supply - use only the type which is supplied with this product.
- Do not use a power cord that is damaged. This could cause fire or electric shock. Contact the manufacturer for a replacement cord, if necessary.
- Only use a power cord which is appropriately rated and approved relevant to the country of use.
- This system is considered to be a Pluggable Equipment Type A. The socket outlets must be installed near the equipment and be easily accessible.
- This equipment is not intended to be operated by children.
- When connecting to the mains supply, connect only to an earthed supply outlet.
- Keep ventilation openings free from any obstructions.

- Regulatory marking information is located on the bottom or rear of the device.
- The ambient operating temperature rating of this equipment is 0 - 40°C and should not be exceeded.
- If the product is powered using Power over Ethernet, you must use an appropriately rated and approved networking device, or the power injector identified for use with this product.

Installation Instructions

Installation must be performed in accordance with all relevant national wiring rules.

L'Installation doit être exécutée conformément à tous les règlements nationaux applicable au filage électrique.

Plug Acts as Disconnect Device

The socket outlet to which this apparatus is connected must be installed near the equipment and must always be readily accessible.

United States

Caution: Pursuant to 47CFR§15.21 of the FCC Rules, any changes or modifications to this equipment not expressly approved by HP Inc. may cause harmful interference and void the FCC authorization to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Operations in the 5.15-5.25GHz band are restricted to indoor usage only.

This device meets all the other requirements specified in Part 15E, Section 15.407 of the FCC Rules.

Radiation Exposure Statement

The antenna used for this transmitter must be installed to provide a separation distance of at least 20 centimeters from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. This device with its antenna complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. To maintain compliance, this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Class A Digital Device

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Canada

Industry Canada Statement

This device complies with RSS247 of the Industry Canada rules and also with ISED's license-exempt RSS regulations. Operation is subject to the two following conditions:

- (1) This device does not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage préjudiciable, et (2) ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable.

This device for operation in band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

Cet appareil destiné à fonctionner dans la bande 5150-5250 MHz est uniquement destiné à une utilisation en intérieur afin de réduire le potentiel d'interférences nuisibles aux systèmes satellites mobiles cocanaux.

Where applicable, antenna type(s), antenna models(s), and worst-case tilt angle(s) necessary to remain compliant with the e.i.r.p. elevation mask requirement set forth in section 6.2.2.3 shall be clearly indicated.

Lorsqu'il y a lieu, les types d'antennes (s'il y en a plusieurs), les numéros de modèle de l'antenne et les pires angles d'inclinaison nécessaires pour rester conforme à l'exigence de la p.i.r.e. applicable au masque d'élévation, énoncée à la section 6.2.2.3, doivent être clairement indiqués

This Class [A] digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [A] est conforme à la norme NMB-003 du Canada. Certification Number IC: 1849C-P017, 1849C-P018, 1849C-P026, 1849C-P033 and 1849C-STG62R

Radiation Exposure Statement:

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with greater than 20cm between the radiator and your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé à plus de 20 cm entre le radiateur et votre corps.

A 급 기기 (업무용 방송통신기기): 이 기기는 업무용(A 급)으로 전자파적합등록을 한 기기이오니 판매자 또는 사용자는 이 점을 주의하시기 바라며, 가정외의 지역에서 사용하는 것을 목적으로 합니다.

이 장치는 이동전화, Wi-Fi 또는 블루투스 장치 등 무선통신장치와 매우 근접한 장소에서 사용할 경우 오작동을 일으킬 가능성이 있습니다.

해당 무선설비는 전파혼신 가능성이 있으므로 인명안전과 관련된 서비스는 할 수 없음.

해당 무선설비는 5150~5250GHz 대역에서 실내에서만 사용할 수 있음.

This product is designed to operate with the supplied shielded Category 5e Ethernet cable.

The USB type C port is only intended for use as a service/engineering port and is for administrator use only.

“La operación de este equipo está sujeta a las siguientes dos condiciones:

- (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y
- (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

Brazil

Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados.

CE/UKCA Mark Declarations

The Poly Studio X & G Series components are marked with the UKCA and CE marks, as applicable. This mark indicates compliance with the relevant EU Directives and UK regulations requirements, as applicable. A full copy of the relevant Declaration of Conformities can be obtained from:

HP REG 23010, 08028 Barcelona, Spain

HP Inc UK Ltd., Regulatory Enquiries, Earley West, 300 Thames Valley Park Drive, Reading, RG6 1PT

EU Declaration of Conformity

Hereby, HP declares that the radio equipment P018/P019/P026/P033/PBJ-STG-62R is in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following Internet address: www.hp.eu/certificates

UKCA Declaration of Conformity

Hereby, HP declares that the radio equipment P018/P019/P026/P033/PBJ-STG-62R is in compliance with the relevant statutory requirements. The full text of the Declaration of Conformity is available at the following Internet address: <http://www.hp.eu/certificates>

Operating Ambient Temperatures

- Operating temperature: +32 to 104°F (0 to 40°C)
- Relative humidity: 5% to 95%, noncondensing
- Storage temperature: -40 to +160°F (-40 to +70°C)

Waste Electrical and Electronic Equipment (WEEE)

All Poly products that fall within the scope of the EU WEEE Directive carry the crossed wheeled bin symbol which advises customers not to recycle electronic products in the domestic waste stream but to recycle them safely as e-waste.

Restriction of Hazardous Substances Directive (RoHS)

All Poly products comply with the requirements of the EU RoHS Directive. Statements of compliance can be obtained by contacting reg@hp.com

Environmental

For the latest environmental information including Networked Standby Efficiency, Battery use and disposal, take back RoHS and Reach, please visit <https://www.poly.com/us/en/company/corporate-responsibility/environment>.

End of Life Products

Poly encourages you to recycle your end-of-life Poly products in an environmentally considerate way. We recognize our Extended Producer Responsibility (EPR), in accordance with the requirements of the European Waste Electronic and Electrical Equipment (WEEE) Directive 2012/19/EU.

All Poly products are marked with the crossed wheeled bin symbol shown below. Products that carry this symbol should not be disposed of in the household or general waste stream. Further recycling information and detail of the options open to you, including our voluntary free global recycling service to ISO 14001 standard can be found at: <https://www.poly.com/WEEE>.

The Poly Global Producer Responsibility Statement can be found in the Environment section of the [Poly.com](https://www.poly.com) website.

Poly Take Back

In addition to any mandated take back requirement, Poly offers free recycling of its branded products to business users. Detailed information is available at www.poly.com/us/en/company/corporate-responsibility/environment.
