

Class II Permissive Change Letter

Date: July 4, 2023

This is to request a Class II permissive change for FCC ID: **M82-EWM-W192K**; IC: **9404A-EWMW192K** , originally granted on 12/22/2020; 12/24/2020

The major changes filed under this application is:

Change #1: Add an antenna and the type(PCB) are different from the original grant

Change #2 : Reduce the WLAN 2.4G/5G output power through firmware.

Except for the above differences, the hardware design is identical with the original grant.

Should you have any enquires or comments, please have my best attention.

Sincerely,
