Save Battery Life
Always turn off the vehicle and the transmitter
when not in use. Batteries are trained off when not in use.

Batteries used with this toy should be kept away from
small children who still put things in their mouth.
If swallowed, promptly see a doctor.
Read and follow operating instructions.
Do not mix old and new batteries.
Do not mix alkaline, standard or rechargeable batteries.

*Modifications not authorized by the NGAI KEUNG METAL & PLASTIC MANUFACTORY LTD. may
void users authority to operate this device*

This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to
Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful
interference when the equipment is operated in a residential installation. This equipment generates, uses and can radiate radio frequency
energy and, if not installed and used in accordance with the instruction, may cause harmful
interference to radio communications. However, there is no guarantee that interference will not occur in
a particular installation. If this equipment does cause harmful interference to radio or television
reception, which can be determined by turning the equipment off and on, the user is encouraged to try to
correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
