Internal View (Main Board, Front View)

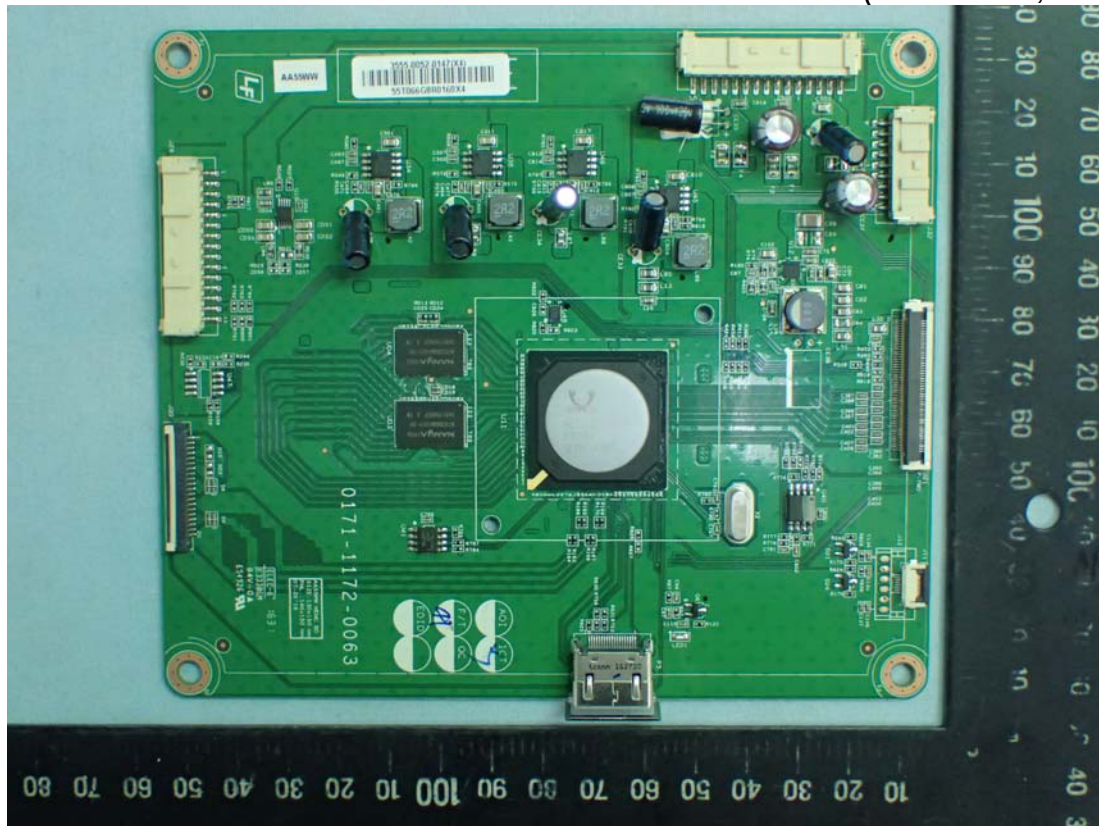

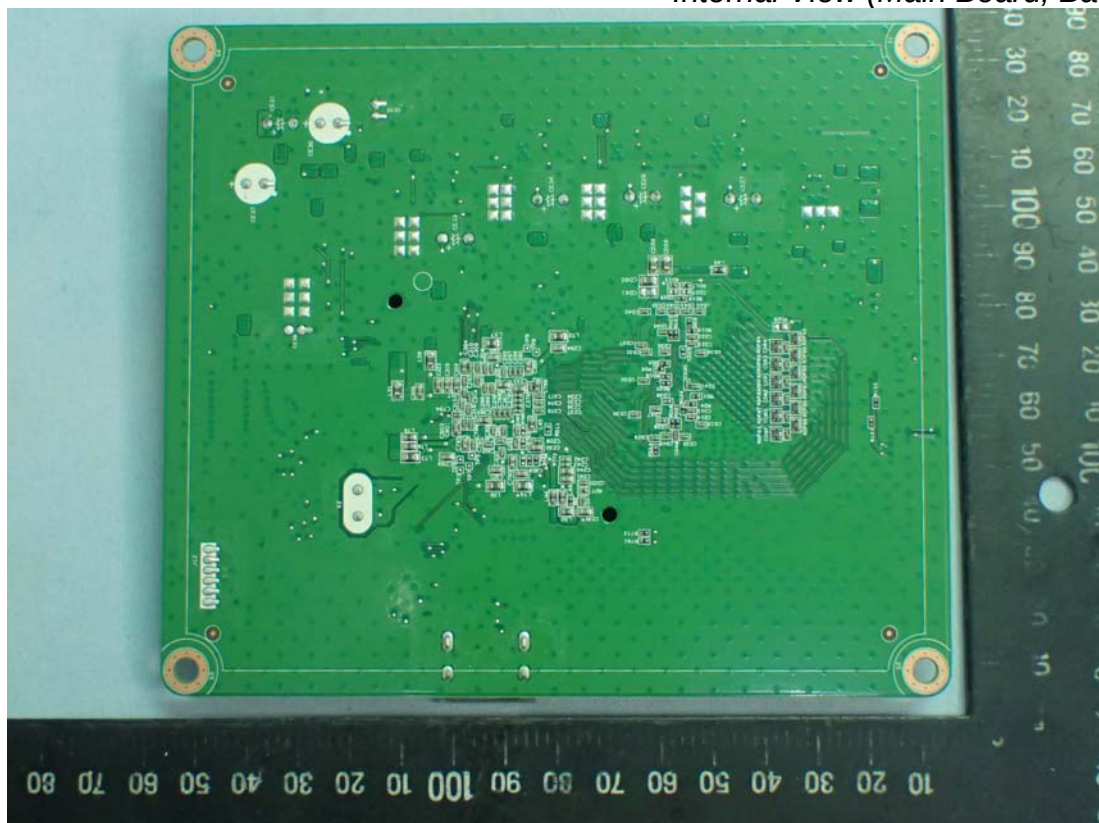

Figure 13
Internal View (Main Board, Back View)

This image shows the internal view of the PCB board. The board is green and features a central black component, likely a microcontroller or sensor, mounted on a black carrier. The board is populated with numerous surface-mount components, including resistors and capacitors. A ruler is visible at the bottom, indicating the board's dimensions. The board is labeled with '51' and '25' on the left and right sides, respectively, and 'J4' and 'N' on the bottom left. A circular logo is visible on the right side of the board.
