

Radio Frequency Exposure

The antennas for this device should be mounted so that nearby persons will not be within 8 inches (20 centimeters) of the antennas in order to comply with FCC adopted RF exposure limits.

For more information on RF Exposure, please refer to the FCC Office of Engineering and Technology Bulletin 65, *Guidelines for Human Exposure to Radiofrequency Electromagnetic Fields*, available online at:

<http://www.fcc.gov/oet/info/documents/bulletins/>

Disclaimer

Operation of any radio transmitting equipment, including the Scanner, may interfere with the functionality of inadequately protected medical devices. Consult a physician or the manufacturer of the medical device if you have any questions. Other electronic equipment may also be subject to interference.
