

To Whom It May Concern:

From:
Jeannie Clement
Executive VP of Quality
Orbit Irrigation Products Inc.
801-951-5824

Subject:
FCC ID: ML6-BH1
IC: 3330A-BH1
ATCB022142

With reference to comments regarding FCC application for certification, Orbit Irrigation Products is going to permanently affix the BH1 into the direct plug transformer (Wi-Fi Hub) using either "Devcon Plastic Welder™ Part # 22045" or "JB Weld 8265-S Original Cold-Weld Steel Reinforced Epoxy" adhesive. See photo below of the combined unit.

Furthermore, the User Manual shall be update to remove any references that the BH1 is a separate device from the Direct Plug-In transformer.

Please contact me directly for questions.

Thank you,

Jeannie Clement

A handwritten signature in blue ink, which appears to read "Jeannie Clement", written over the printed name.
