Introducing the Maxi-Cosi Kindred Collection

Our Maxi-Cosi Kindred Collection is inspired by the ancestry, connection, and inseparable bonds of Family. When you choose to invite us into your home, you allow us to become a part of your life.

These pieces are more than furniture or baby products—they're carriers and keepers of cherished memories and family ties. Their exceptional quality and craftsmanship mean that the memories they'll make are countless. Each Maxi-Cosi Kindred Collection piece is thoughtfully created, reflects a timeless design, features special metals and EcoCare premium, recycled fabric made from plastic bottles, and is meant to be loved and shared.

The Maxi-Cosi Kindred Collection
Lineage in design.

Warnings

Read all instructions before use of product. Keep instructions for future reference.

! WARNING

STRANGULATION HAZARD—Children have **STRANGLED** in cords. Keep this cord out of the reach of children (more than 3 ft (0.9 m) away). Do not use on Cribs or Play Yards.

THE USER SHOULD NOT ATTEMPT TO SERVICE OR REPAIR THE MONITOR. ALL SERVICING SHOULD BE REFERRED TO CONSUMER CARE.
It is essential to check reception regularly. Monitor uses encrypted transmission over FCC managed frequencies. **Always remember to secure your Wi-Fi router with a password.**

IMPORTANT SAFETY INSTRUCTIONS

- **VENTILATION: DO NOT** block ventilation openings. **DO NOT** place on a bed, sofa, rug, or similar surface. **DO NOT** place in a book case or cabinet that may restrict air flow.
- **HEAT:** The monitor should be situated away from heat sources such as radiators, heat registers, stoves, or other appliances that produce heat. Also keep these components out of direct sunlight.
- **POWER CORD PROTECTION:** The power supply cord should be routed so that it is not likely to be walked on or pinched by items placed upon or against it. Pay particular attention to the cord at the plug, convenience receptacle, and at the point it exits from the monitor.

! WARNING

For indoor use only. To reduce the risk of fire or electrical shock, **DO NOT** expose this product to water or moisture. **DO NOT** use monitor near water (such as bath tub, sink, etc.) or submerge in water.

- This monitor is not intended to be used as a medical monitor and its use should not replace proper adult/parental supervision. You should check your child's activity at regular intervals as this monitor will not alert parents to the silent activities of a child.
- **NEVER** attempt to disassemble the product. This is dangerous and will void the warranty.
- Test monitor periodically when in use and changing locations.
- Use only the adapter supplied with this product. Incorrect adapter polarity or voltage can seriously damage the product.
- To prevent entanglement and overheating, **DO NOT** use extension cords.
- The adapter and device may become slightly warm to the touch during operation. This is normal.
- **ALWAYS** unplug the AC adapter from the wall during extended periods of non-use.
- Check to make sure wall outlet plates are not unusually hot to the touch. If they are, immediately unplug cords from these outlets. Check that all outlet connections are in good condition so that adapter is not loose or that no wiring is exposed. Have a qualified, licensed electrician check the wiring as soon as possible.
- This monitor allows internet users to hear activity. Use the security feature included with this device to restrict internet viewership.
- **DO NOT** place adapter/wall plug under a window where a child might use it to step on and/or to reach something that might be dangerous.
- When mounting the monitor along side of a bassinet, ensure the side with microphones is facing inwards and all cords remain out of reach from children.
- When mounting the monitor along the side of the bassinet, ensure it is completely installed.
- Adult assembly is required. Keep small parts away from children when assembling. Exercise care when unpacking the product.
- This product is not a toy. **DO NOT** allow children to play with it.

Pairing Your Smartphone

Download our easy-to-use Connected Family app, where you can manage your Audio Monitor and all other Maxi-Cosi Connected devices.

[Learn More](#)

Enable CryAssist™ in the Connected Family app when pairing your smartphone.

1. Download the Connected Family app to manage your CryAssist™ Audio Monitor. Make sure your smartphone is connected to your home's Wi-Fi network.
2. In the app, tap . Then select Maxi-Cosi and select the CryAssist Audio Monitor to begin pairing your device.
3. When prompted in-app, enter Wi-Fi Pairing mode by pressing and holding the Pairing/Reset button for 10 seconds, until you hear a chime.
4. Follow the step-by-step instructions in the app to complete pairing.
5. In the Connected Family app, tap  to learn more. You can also enable CryAssist, share access, configure notifications, and more.

Connecting to this monitor via your smartphone requires a 2.4 GHz, 5.0 GHz, or dual-band home network. Certain shared networks such as those in hotels may not function. We recommend a connection with network speeds of 2 Mbps or greater at the location the device will be installed. Your internet service provider can verify the quality of your internet connection.

Pairing Your Smartphone

Note: CryAssist requires an internet connection and must be set up in the Connected Family app.

Enabling the Bluetooth® Speaker

To enter Bluetooth pairing mode, press the Pairing/Reset button for 2 seconds. The right indicator will blink slowly blue while in pairing mode.

Open the Bluetooth menu on your smartphone and select Maxi-Cosi Monitor from the list of devices.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.

Resetting Your Monitor

To reset the monitor to its original settings, press and hold the Pairing/Reset button for 20 seconds. Release the button once you've heard the second chime.

Sounds and Music

Tap the Sounds and Music icon  to cycle through the 5 soothing built-in sounds. Press and hold the Music icon for 2 seconds to turn sounds off.

When Bluetooth is ON and paired with your smartphone, you can stream any media or music through the speaker. Tap the Music icon to Play/Pause Bluetooth sound playback. Press and hold the Music icon for 2 seconds to return to built-in sounds.

Volume is controlled through the Volume icon , with each tap cycling through the 5 different levels. The 6th tap turns the volume off.

Vibration

The Audio Monitor features 3 vibration modes each with 3 speeds that gently vibrate the bassinet. Tap the Vibration icon  to select from the 3 speeds. A 4th tap turns vibration off.

Press and hold the Vibration icon for 2 seconds to change modes.

Note: Vibration should only be used when installed on the rail of the bassinet and **NOT** while on a flat surface.

Tap the Nightlight icon  to adjust the 3 brightness levels. A 4th tap turns the nightlight off. Press and hold for 2 seconds to change between Manual Control and Motion Sensing Mode. The icon will flash 2 times when Motion Sensing Mode is enabled. Default mode is Manual Control Mode.

You can also manage the motion sensor and ambient light sensor through the Connected Family app.

Nightlight

The nightlight points away from the bassinet space when installed on the Sibia Bassinet and acts as a gentle way for parents to check on baby without using overhead lights.
