Instruction Manual for Electronic Key MDL B31EG (FCC ID:MOZB31EG)

Dear Sirs:

Our product, Electronic Key MDL B31EG (FCC ID:MOZB31EG), is a transmitter that is used in Keyless Entry System (both of Smart & Non-Smart), Panic System, and Smart Engine Start System of a motor vehicle. The Electronic Key is provided for a vehicle manufacturer as original equipment (OE), and it will be fitted to a motor vehicle before it is placed in the US market. For this reason, we, Tokai Rika Co., Ltd., do not issue any users manual for this product.

Yours faithfully,

TOKAI RIKA CO., LTD.

Reiko Kagimoto,
General Manager,
Overseas Homologation & Legal Dept.,
Technical Administration Div.

For vehicles sold in U.S.A.:

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

CAUTION

Changes or modifications not expressly approved by the party
responsible for compliance could void the user's authority to
operate the equipment.

For vehicles sold in Canada:

This device complies with RSS-210 of Industry Canada.
Operation is subject to the following two conditions:
(1) this device may not cause interference, and
(2) this device must accept any interference, including
interference that may cause undesired operation of the
device
