The diagram illustrates the internal layout of the ASUS ExpertCenter PC case, highlighting the placement of various labels and components. The top section features the 'ASUS ExpertCenter' logo. Below this, the middle section contains labels for 'country label', 'importer label (1)(X001)', and 'importer label (2)(X001)'. The bottom section shows a 'rating label' and a 'UL label', along with various ports and connectors. The diagram is color-coded to match the labels in the table: pink for the RF label, green for the rating label, and yellow for the UL label.
