

Kavouras INC

Richard Fabina
Chief, Equipment Authorization Branch
Office of Engineering and Technology Laboratory
Federal Communications Commission
7435 Oakland Mills Rd
Columbia MD 21046-1609

Dear Mr. Fabina:

Pursuant to section 2.929(d) of the Commission's Rules, we are writing to inform the Commission that, on December 13, 1999, Kavouras, Inc. sold its line of business under which it manufactures radar equipment authorized by the Commission to Radtec, Inc. Kavouras' grantee code is MPD and Radtec's grantee code is MTO. Kavouras presently holds equipment authorizations for its proprietary radar under the following authorizations listing on the attachment to this letter. In addition, Kavouras currently has pending with the Commission an application for modification of its authorization MPD TDR4370B-C1.

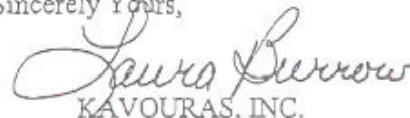

Radtec, like Kavouras, is an experienced developer and manufacturer of radar equipment and has received grants from the Commission for radar equipment authorizations in its own name. As a result, in compliance with section 2.929(d) of the Commission's Rules, Radtec will be able to "adequately ensure and accept responsibility for continued compliance with the [FCC] regulations" with regard to Kavouras' equipment authorizations listed on the attachment. Moreover, as a result of this sale of Kavouras' radar business, Radtec will hereafter be solely responsible for manufacturing or licensing the manufacturing of the radar equipment covered by the listed authorizations, and Kavouras will no longer be in the business of manufacturing such equipment.

As a result, it is respectfully submitted that the Commission should, in compliance with section 2.929(d) of the Rules, transfer the listed equipment authorizations from Kavouras to Radtec. The undersigned are happy to answer for the Commission any questions or to supply further information regarding Radtec's expertise as a radar equipment manufacturer.

RADTEC, INC.
Larry Davis
