Pursuant to FCC 22-84 and KDB 986446 D01 Covered Equipment, Master Lock Company LLC (“the applicant”) provides the following certifications for the equipment identified above, as of the date each application is filed with a Telecommunication Certification Body (TCB).

Master Lock Company LLC certifies that the equipment for which authorization is sought is not “covered” equipment prohibited from receiving an equipment authorization pursuant to section 2.903 of the FCC rules.

Master Lock Company LLC certifies that the equipment for which authorization is sought does not contain software identified on the FCC Covered List, including covered Kaspersky software, prohibited under section 2.903 of the FCC rules.

Master Lock Company LLC certifies that, as of the date of filing each application, the applicant is not identified on the Covered List, established pursuant to section 1.50002 of the FCC rules, as an entity producing covered communications equipment.

If the Covered List changes after this certification is signed but before an authorization is granted, the applicant will provide a new written and signed certification as required by section 2.911(d)(6).

Regards,

For the applicant
