Attention:
Application Examiner

Applicant: Scanreco AB
FCC ID: N5OG5RF

To whom it may concern,

Cover letter Class II Permissive Change (G5 RF)

Scanreco AB hereby authorizes SGS Fimko Oy, to act as agent in the preparation of this Class II Permissive change application under FCC ID: N5OG5RF.

The radio product G5 RF (models G5 RF10, G5 RF12, G5 RF14, G5 RF10 Display, G5 RF12 Display, G5 RF14 Display), FCC ID: N5OG5RF, was originally granted 06/26/2014. It was intended for using with usual AA batteries or already charged rechargeable batteries. This Class II Permissive change is submitted to allow the (already implemented before) battery charging option and the using of the external power supply for this purpose. There are no changes for the original design (layout, schematics) and radio parameters and timing are identical between this certification application versus original device.

Sincerely,

A handwritten signature in blue ink, appearing to be "Andrei Sazonov", written over a horizontal line.

Andrei Sazonov, PhD
Senior RF Specialist
