

The image shows a circular printed circuit board (PCB) for an RF module. The board has a central circular cutout and is populated with various electronic components. A ruler is placed next to the board for scale, indicating dimensions in millimeters.

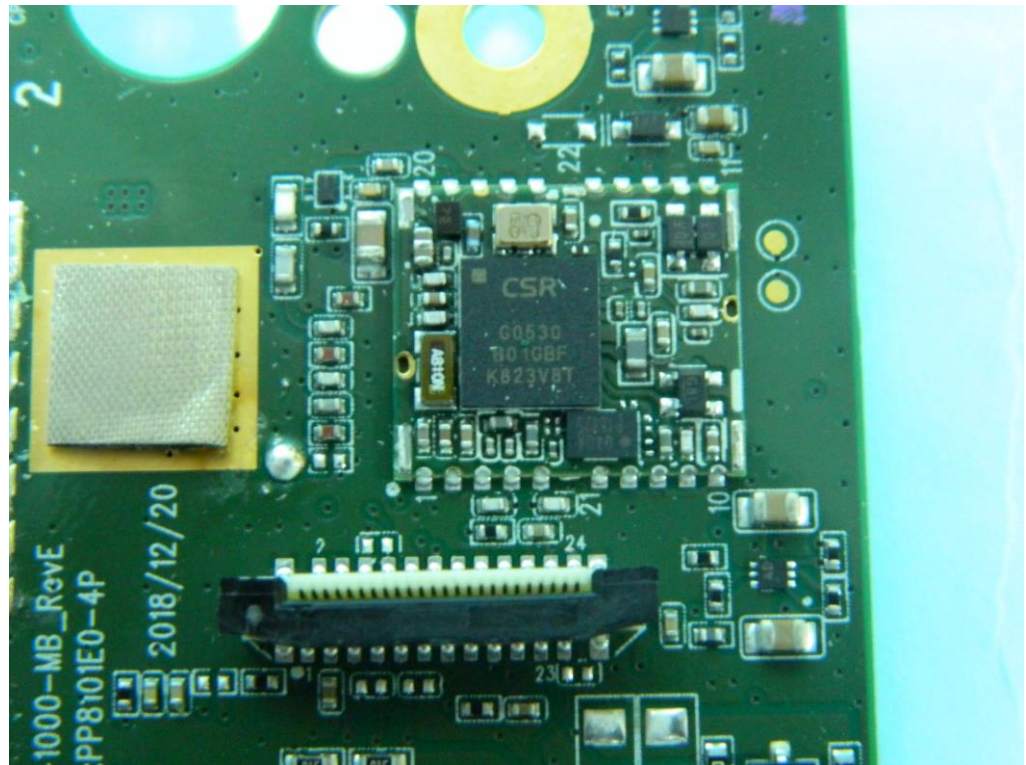

Key components and markings on the PCB include:

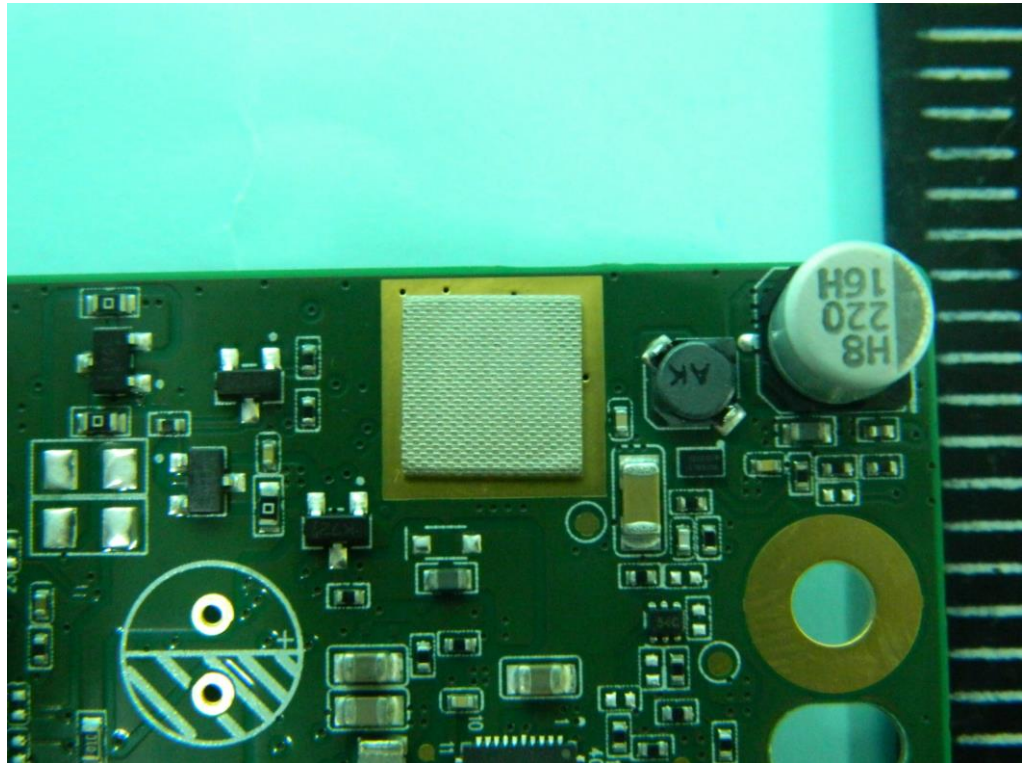

- Microchip:** A large integrated circuit (IC) is mounted in the center, labeled with "U3" and "U2".
- Resistors:** Numerous resistors are labeled with values such as R1, R2, R3, R4, R5, R6, R7, R8, R9, R10, R11, R12, R13, R14, R15, R16, R17, R18, R19, R20, R21, R22, R23, R24, R25, R26, R27, R28, R29, R30, R31, R32, R33, R34, R35, R36, R37, R38, R39, R40, R41, R42, R43, R44, R45, R46, R47, R48, R49, R50, R51, R52, R53, R54, R55, R56, R57, R58, R59, R60, R61, R62, R63, R64, R65, R66, R67, R68, R69, R70, R71, R72, R73, R74, R75, R76, R77, R78, R79, R80, R81, R82, R83, R84, R85, R86, R87, R88, R89, R90, R91, R92, R93, R94, R95, R96, R97, R98, R99, R100.
- Capacitors:** Several capacitors are labeled with values such as C1, C2, C3, C4, C5, C6, C7, C8, C9, C10, C11, C12, C13, C14, C15, C16, C17, C18, C19, C20, C21, C22, C23, C24, C25, C26, C27, C28, C29, C30, C31, C32, C33, C34, C35, C36, C37, C38, C39, C40, C41, C42, C43, C44, C45, C46, C47, C48, C49, C50, C51, C52, C53, C54, C55, C56, C57, C58, C59, C60, C61, C62, C63, C64, C65, C66, C67, C68, C69, C70, C71, C72, C73, C74, C75, C76, C77, C78, C79, C80, C81, C82, C83, C84, C85, C86, C87, C88, C89, C90, C91, C92, C93, C94, C95, C96, C97, C98, C99, C100.
- Other Components:** Other components include a diode (D1), a transistor (Q1), and a microcontroller (U1).
- Markings:** The PCB is marked with "RFC-1000-SENSOR", "P/N: PPB129COH2P", "2018/10/08", and "YEC".

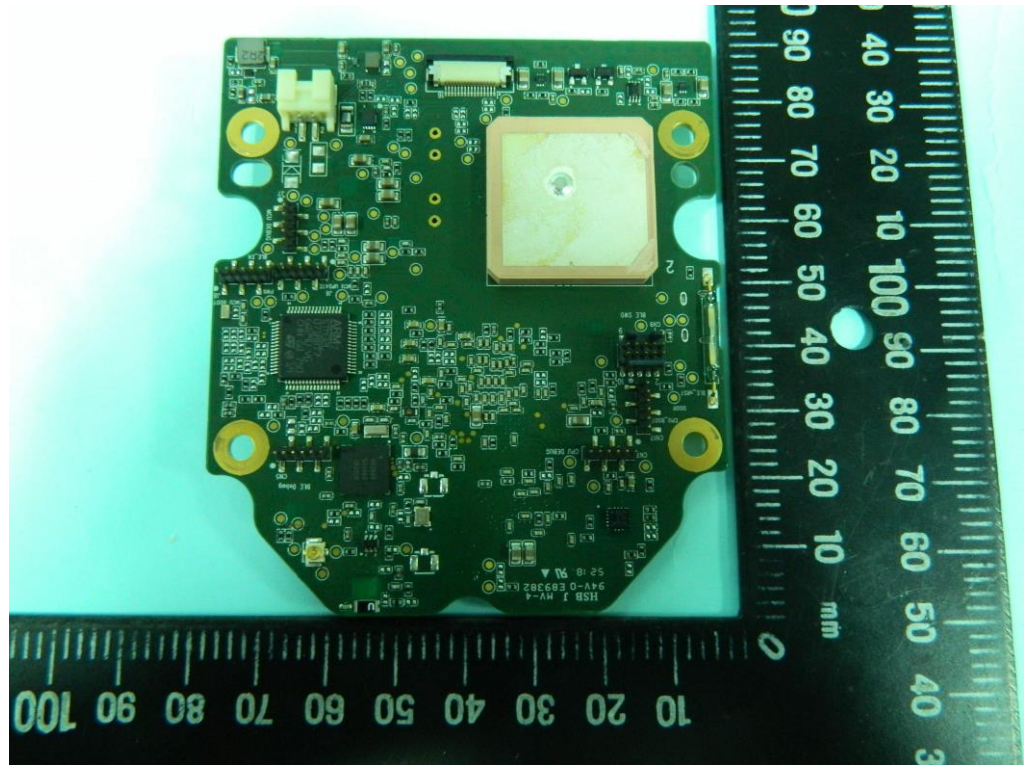

—THE END—
