Re:	Documentation requirements for FCC and IC - NCL135 product		

Hello Nino:

As I mentioned in an earlier fax, we have developed a product we call the NCL135. We have integrated a Proxim radio, namely, the Micro Design Module 6330 into our product. I am currently looking after gathering the necessary documentation for FCC and IC compliance testing.

I would appreciate it if you could please send:

- Specifications sheet
- Schematics
- Parts list
- Instructions for use

To:

KTL / Certelecom (Ottawa)
3325 River Road
Ottawa, Ontario
K1V 1H2

Re: WaveRider NCL135-File #8R00459

Miss Coppen,

Regarding to your fax to Nino Amarena on September 14, 1998, we have sent to KTL/Certelecom (Ottawa) the documentation required (specifications sheet; schematics; parts list, and instructions for use). The FedEx track # 4080 9006 7490, sent september 14, 1998.

If you have any question, please contact me at 650-526-3672, or fax at 650-960-1984 or e-mail: gamarena@proxim.com

Sincerely,

Giovanna Amarena,
Regulatory Assistant
