FS14P71M

7 Exterior view

The following images show the exterior view of the FS14P70M devices. As can be seen, there are versions with (comfort version) and without (standard version) decorative metal elements. These pictures are exemplary, other designs e.g. with less buttons or different button labels or different customer label or different finish of the housing or different decorative elements may exist.

Picture 3: FS14P71M top (standard version)

Picture 4: FS14P71M back (standard version)

Picture 5: FS14P71M top (comfort version)

Picture 6: FS14P71M back (comfort version)
