PURPOSE OF CHANGE LETTER
For Model MD79X

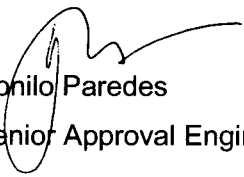

This letter is to provide additional information regarding the Application of Permissive Change for our model MD79X based on the previously certified model MD75X.

The Base RF modules of the above-mentioned models are identical in, construction, dimensions and electrical circuits.

The main difference is the Base RF PA (Power Amplifier) that has been changed to a new one.

The above-mentioned change is not intended for maximum power and change on field strength ratings.

Your Faithfully,
