We cordially request the following materials be withheld from public inspection in accordance with 47 C.F.R. 0.457 (d) (2) (i). These materials contain confidential trade secrets and technical data which customarily would be guarded from competitors:

(1) Figure M1/2-CF-BM-UNIV Sections 1,2,3.

The above listed materials include detailed circuit diagrams of the electronic ballasts, which are unique in design, performance, and methodology employed to achieve lamp control. The information provided could easily be used by our competition to reverse engineer this product. In our opinion, these materials constitute trade secrets which are confidential and proprietary to Cooper Lighting and the ballast manufacturer and should not be disclosed.

Therefore, in accordance with 47 C.F.R. 0.457 and 0.459, Cooper Lighting requests that the above listed materials, which are in the envelope marked "Cooper Lighting FCC ID: NCG-1" be withheld from public inspection.

Sincerely,

A handwritten signature in black ink that reads "Don Miletich".
