Subject: Review of Madge Networks Ltd., FCC ID: NKH9510

Dear Tim,

For item 1, this project applied as end product (AP with PCMCIA card together).

For item 2, 3, 4, 5, please see revised file which has been uploaded on the website.

For item 6, we had verified the emission frequency above fundamental frequency, but the emission level was too low to be detected.

Thank you,

Rennie
