Regarding

FCC ID: NKRGENESIS

We hereby declare that the client device operates in the U-NII-2A (5250–5350 MHz) and U-NII-2C (5470–5725 MHz) bands as a Non-Associated client device. The device does not initiate any transmission on DFS frequencies without initiation by a master device. This includes restrictions on beacon transmissions and ad-hoc peer-to-peer operations.

The device does not implement radar detection capability, and it relies on a master device for all DFS-related functionalities.

This declaration is provided in accordance with the requirements of FCC KDB 905462 D03 (c).
