

Applicant: Wistron NeWeb Corporation

Manufacturer: Wistron NeWeb Corporation

Product Name : 802.11b WLAN USB Adapter

Brand Name : Wistron NeWeb

Model Name : USB-400

Country to be certified: None

Items	Contents
1. Modulation type	Direct Sequence Spread Spectrum:
2. Procedure to modulation off	By test UT, CR12 from 0 to 18
3. Number of channels	11 channels for FCC;13 channels for CE; 14 channels for TELEC
4. Carrier frequency of each channel	2412, 2417, 2422, 2427, 2432, 2437, 2442, 2447, 2452, 2457,2462, 2467& 2472 MHz
5. Bandwidth of each channel	14 MHz for 90 % power
6. L.O. frequency of receiver	2*Channel frequency
7. Transmitter or Transceiver *	Transceiver
8. Power Rating (DC/AC, Volt rating)	5Vdc/250mA Max
9. Maximum output power to Antenna	15 dBm+3dBc
10. Duty Cycle	100% test mode
11. Basic function of product	Wireless data communication
12. I/O Port or data cable if any	USB
13. Antenna Type and Connector Type	Embedded meander IFA antenna
14. Operation temperature range	0°C ~ 60°C

Note: Please attached more documents needed for the comprehension of product's specification.
