

Date:2020/8/5

FCC ID: NOI-H37N0D

FCC E-Label Information:

1. According to FCC rule part 2.925 (d) justification of using the alternative method of e-labeling for the product

Devices have very small surface areas for a label

2. According to KDB 784748 D02 e labeling v02 section 4, for devices with an integrated electronic display, or those devices that only operate in conjunction with another associated product that has an electronic display, below info has been stated in e-label and/or user manual.

A. User Steps to Access Information

The e-label information is shown on device EPD screen by factory default. To access the e-label information during user operation, press the power button of the device five times.

- B. Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information.

Instruction is provided in user manual. The same, complete certificate info is also printed on packing inserts along with the product at the time of delivery.

C. Readability of Regulatory Information

Information	on E-label	In Manual
FCC ID number	Yes	Yes
FCC logo	Yes	Yes
15.19 statement ("This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.")	No	Yes
Class A / B Digital Device user manual statements	No	Yes
Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment	No	Yes

D. Regulatory Information must be Secure

The regulatory information and dedicated exclusive application(s) or script(s) will be secured and implemented in a factory-set-unalterable format.
The regulatory information will be capable of being retrieved and displayed locally and access by the end user. There is no way to for the information to be modified by end user.

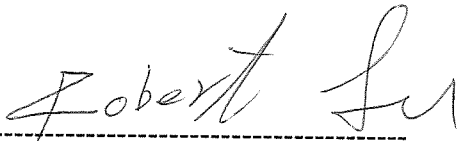

E. Physical and Temporary label for Purchasing and Importation

Although the e-label has been deployed, information below will also be shown on shipping package at the time of importation and on user manual/packaging inserts at the time of delivery.

I. FCC ID

F. Additional Considerations(Modular transmitters)

Device is not a modular device.
