

Identification Label for the LEGO Technic Racer Transmitter 43448

The text of the label for FCC and CE will be as shown below.

The label will be placed on the back of the equipment, as shown below.

NOTE: Due to the necessary size of the battery cover plate, holes for screws and the mechanical layout of the product it is impossible to place the complete warning of §15.19 on the product. Reference to this warning is made on the label, and the complete text of §15.19 is placed in the manual.
