Gentlemen,

We hereby confirm that there is no belt-clip available at this time for our handset model WSH-200. We also confirm that the only battery option is the standard battery used during the testing for this filing. If additional accessories become available in the future which require FCC testing and approval then we will proceed accordingly.

If you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matt Park'.
