

EXHIBIT 2 – FCC Label

1. FCC Number on Enclosure
FCC Number and Compliance Statement in Owners Manual

iSpy Detector Unit

FCC Label and Placement

FCC Identification Number

The FCC number will be engraved into the plastic electronic enclosure and will not be applied as a stick-on label. Below is a sketch showing the back side of the product and the area where the FCC identification number will be applied. The attached photographs show this region clearly.

FCC Identification Number and Statement of Compliance

Because of the small size of the device, the FCC Compliance Statement will not be included on the product but will instead be stated clearly in the owners manual as show below, in actual size and layout.

FCC ID: NQW267-26

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
