Columbia, MD 21046

Reference: FCC ID: NQY930009001

Gentlemen,

This application is being filed for an original grant pursuant to parts 2 and 15, subpart B of the FCC rules for a transmitter operating at 134.2 KHz pursuant to PP 15.209 of the Rules. The transition rule in Section 15.37 does not apply. This device shows compliance under the new rules adopted with Docket 87-389.

The enclosure on the unit tested is entirely uncoated plastic.

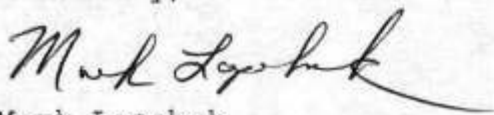

The antenna which will be furnished with the product is as indicated in the Exhibit 9 photographs. This antenna is internal and not accessible to the user and therefore complies with Section 15.203.

The application exhibits are organized as follows:

- Exhibit 1: FCC ID plate and location.
- Exhibit 2: Responsibility of the Grantee and Statement of Test Accuracy.
- Exhibit 3: UUT External Photos
- Exhibit 5: Schematics
- Exhibit 6: EMI Test Report
- Exhibit 7: Test Photos
- Exhibit 8: Users Manual
- Exhibit 9: Internal Photos
- Exhibit 13: Cover Letter, Letter of Authorization, Request for Confidentiality

Thank you for your time and attention to these matters.

Sincerely,

Mark Lapchak
President
