

MARPOSS

Product Marking

Date: 3rd June 2025

Dear Madams and Sirs,

We, Marposs S.p.A. hereby declare that labelling on the devices:

UWP45
UWP60
UWT
Anchor

is difficult due to:

- limited available space for labelling on mechanical enclosures;
- in normal use condition, the labels on the devices can be not visible and easily damaged.

For these reasons, we place the Technical Conformity Mark on the User Manual and packaging.

Antonio De Renzis

Marposs SpA - Chief Technology Officer
