

3.7.3 Connection Cables

Connection cable
for
ASM 400 ↔ SLG
6GT2 491-0A...

Figure 3-27 Connection cable: ASM 400 ↔ SLG

Connection cable
for
ASM 410 ↔ SLG
6GT2 491-0D...

Figure 3-28 Connection cable: ASM 410 ↔ SLG

Caution

Use of a shielded cable for any kind of connection cable is absolutely necessary.
The cable shield must be secured with a shield clamp directly on the interface module and grounded via a grounding rail.

**Connection cable
for
ASM 450 ↔ SLG
6GT2 491-1C...**
