

A technical diagram showing a cross-section of a device assembly. The assembly consists of a top grey housing, a middle light blue section, and a bottom white section. A central vertical rod passes through the middle section into a green circular area at the bottom. A small square frame is positioned around the rod in the green area, with 'x' and 'y' axes indicated. To the left of the assembly, regulatory information is printed. Below the text is a small rectangular component with horizontal lines. At the bottom of the image is a grey base with a central slot and mounting tabs. A vertical line connects the bottom of the assembly to the base.
