2. Go to your Bluetooth settings on your phone, scan and select the "device" to be paired.
3. Once it is paired correctly you will hear a beep that you are now connected.

Chatterbox USA Limited Warranty

Chatterbox USA guarantees that each new Chatterbox will be free from defective materials and workmanship for a period of one (1) year from the date of original purchase. Chatterbox will remedy any such defect by repair or replacement (at our discretion) of the products, provided they are delivered to the address listed below, intact for examination, with all transportation charges prepaid and accompanied by a copy of the original retail sales receipt. The provisions of this warranty shall not apply to any unit which has been subject to misuse, neglect, incorrect installation, unauthorized modification, accident, water damage, or has been repaired or altered outside of our factory. The express warranty contained herein is in lieu of all other warranties, expressed, implied or statutory, including without limitation any warranty of merchantability or fitness for a particular use. In no event will Chatterbox be liable to the buyer for any damages, including special, incidental, indirect, or consequential.

For all warranty related matters please contact ChatterboxUSA directly at 714-880-6100 so we may issue an RMA # and provide instructions prior to shipping to our location. Any products shipping to us without an authorized RMA # will be returned or not processed immediately

FCC License

Your Chatterbox product operates on communications frequencies which are subject to FCC (Federal Communications Commission) rules and regulations. FCC rules require that all operators using GMRS (General Mobile Radio Service) frequencies obtain a radio license before operating their equipment. Information on license application can be found at <http://www.fcc.gov/formpage.html> or by calling 1-888-CALL-FCC (1-888-225-5322)

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES.

OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS.

(1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE AND

(2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED

INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRE OPERATION

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

US Motorcycle Laws by States

Certain states and localities may prohibit the use of two earpieces or two-piece headsets while operating a vehicle. Please check and follow all applicable federal, state, and local laws and regulations regarding the use of electronics, earpieces and headsets before operating your vehicle.
