

Dear Mr. Chang,

This information is in response to your request to provide the original FCC ID, correspondence reference number 15290. The original FCC ID was "RT-1401B". I'm enclosing a photo of the original label found on the front of the RT-1401B. As you can see the FCC ID was shown on the second line of the label (FCC XMTR DATA, RT1401B).

Sincerely,
George Ruffle
