

ATTENTION!

IMPORTANT POINTS TO THE 7.2V 600mAh Ni-Cd Rechargeable batteries:

- 1. Do not charge the batteries over 4 hours each time to avoid shortening of the battery life.**
- 2. When you feel the speed/motion of the vehicle decreases obviously or even stop moving under normal operation, please stop playing and charge the rechargeable batteries for 4 hours.**
- 3. For best performance of the batteries, do not charge the rechargeable batteries when these batteries are still operating well in the vehicle.**
